Antoine now confirms the CQWW logs for 3D2AG/P Rotuma have been uploaded to the CQWW server, Club Log and QRZ.com. These could not be sent earlier due to the lack of internet on Rotuma; he hopes that many will enjoy the rare multiplier. Antoine continues to work on uploading the rest of the CW logs to Club Log. *'I am currently busy catching-up with domestic and work-related matters in Fiji; I unfortunately do not have the time right now to individually respond to the hundreds of emails requesting log checks and LoTW uploads. Once the full logs are uploaded OMs will be able to directly verify contacts and request confirmation online. Very best wishes for the festive season, for peace and health.'*
